## Quality Management Statement for Quantum Waste Limited

At Quantum Waste we aim to deliver the highest quality of service to our clients and demonstrate consistently high class of standards of professionalism.

Our services and products will be delivered in accordance with all requirements and regulations of the Waste Management sector and to the regulations defined by the Environment Agency and the applicable European Union requirements.

Quantum Waste operates a integrated management system (IMS) to ensure that we deliver consistent high quality. Details of our quality management processes and procedures are available on request. Quantum waste takes responsibility for ensuring effective quality management on its projects.

Quantum Waste is committed to continually improve its standards and comply with all legal, customer and other requirements. This will be predominantly achieved through the setting and monitoring of key objectives. The policy is communicated to all staff and will be made available to the public on request.
